Paws Developer's Studio
Version 1.32.1
28 September 2005

- 1.1 Critical Items**
- 1.2 Known Limitations**
- 1.3 Enhancements**

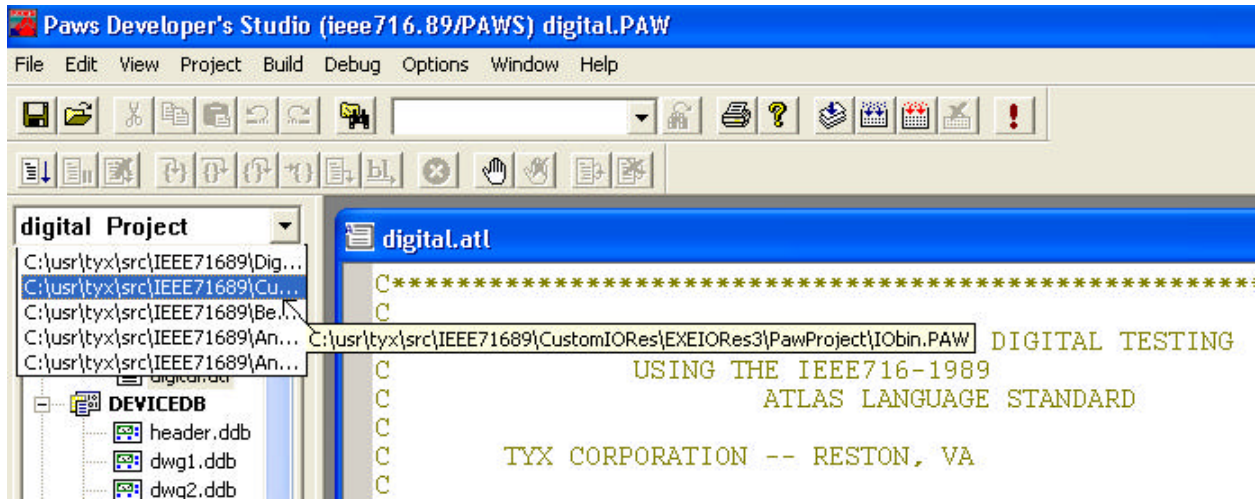

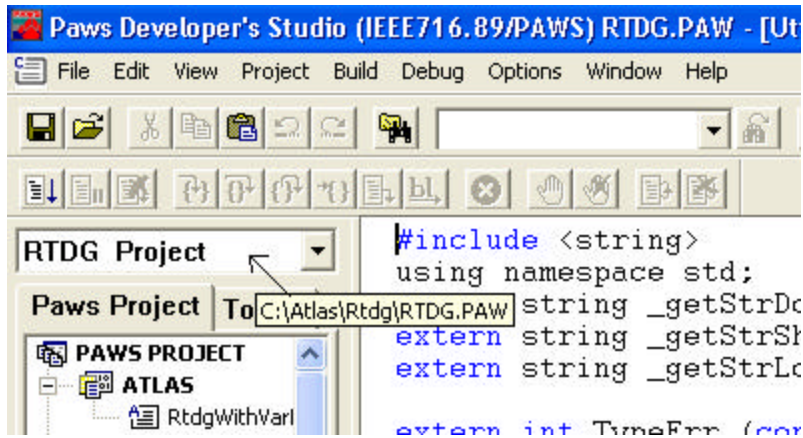

1.3.1 Configurable Paws Projects History

The new PAWS Developer's Studio offers the ability to allow the user to configure the number of projects that are maintained in its history. A default of 20 projects are maintained in history, however the user could configure a value between 1 and 100 (inclusive) projects via the Options→Studio... menu item

1.3.2 Tool-tip on Project Combo-box

The new PAWS Developer's Studio project combo box provides a tool-tip displaying the full path name of the project currently under the mouse.

This improves user handling and switching between projects.
